

Custom 9A

EZ Rail with base plate modified to extend toward structure

Extra charge: \$20.00 for bend
+\$30.00 if extra post needed

Structure

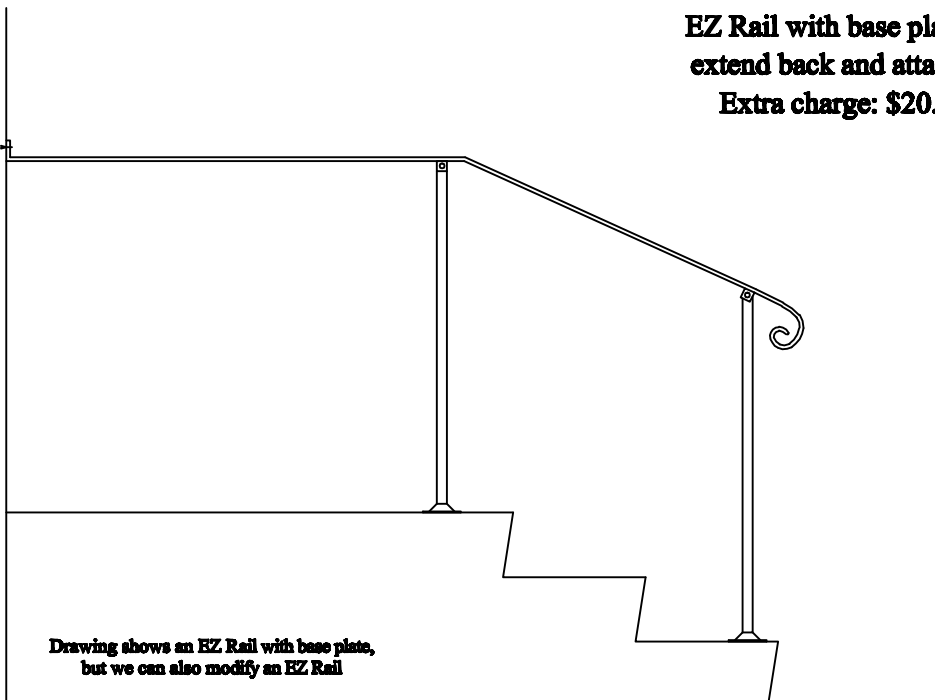

Custom 9B

EZ Rail with base plate modified to extend back and attach to structure

Extra charge: \$20.00 for bend

Structure

These modifications have some limitations. If there are too many stairs or the landing is too long, we may need to splice the top rail.
