

Measurements for Custom 3

EZ Rail with base plate modified to be longer than 8 foot

NOTE: This is only available in steel and crown molding not aluminum

Extra charges: \$10/foot over 8 ft. steel rail
\$40.00 per splice joint
\$40.00 each extra post
(1 post needed every 4-5 ft.)

Drawing shows an EZ Rail with base plate, but we can also modify an EZ Rail (for in ground core drill installation)

If you are interested in an extra long railing - like Custom Rail 3 take your nose to nose measurements, count your stairs, then give us a call.

If you have a different number of steps, decide where you want each post and measure nose to nose to those steps and give us a call

* If you can e-mail a picture - that is very helpful *
